On Monday, November 13, at 12 o'clock noon, J. F. Morgan will sell under foreclosure of mortgage, certain pieces of valuable land situated in Honolulu.

As usual, the Hawaiian Hardware Co.'s weekly sermonette is a combi-nation of wit and wisdom. We especially recommend to the notice of married men, the last paragraph in their essay.

The appearance of the Miowera on the reef to-day showed that prob-ably another pull was made early this morning. The ship as she ap-pears from shore to-day seemed to have swung her bow still further seaward than she was yesterday.

## BURGLARY IN THE SUBURBS.

The House of a Chinaman at Waikiki Plundered.

A Chinaman, who takee care of a fish pond at Waikiki belonging to Mr. Jno. Eua, reported at the Police Station this forenoon that his house had been entered by someone about 2 o'clock yesterday afternoon, while he was absent attending to the pond. Among the articles missing on his return were one gold ring, a pair of bracelets and clothing, the whole valued at \$50. These were all taken from his trunk, which was pried

The Chinese in the neighborhood of where the burglary was commit-ted suspected that it is some of the work of Kum Wun, the Chinaman who escaped from O hu Prison some time ago. It is reported that that notorious character had been seen by fellow countrymen at Waikiki, who were too timid to tackle or inform on him.

### Concert and Dance.

There was a fashionable throng in the lanai and on the parlor veranda of the Hawaiian Hotel last night, in attendance on the complimentary band concert to visitors leaving by the steamer Australia to-day. A goodly number of people were as-sembled on the grounds around the band stand, who cheered the somewhat novel music given by the P. G. band led by Professor Berger. The music consisted largely of sterling old airs with variations, medleys, etc., making an agreeable change from the stereotyped old programs. Before the close of the concert heavy rain fell, causing a dispersal without ceremony of the outside auditors. The band's program was nevertheless played through without the program of the concert heavy of the content of th omission of a number. (This is straight news, any previously pub-lished report to the contrary notwithstanding.) After the concert a dance was enjoyed in the parlor, by the devotees of that pastime.

### The Australia Departs.

The departure of the S. S. Australia this noon was witnessed by a large gathering of people, and the scene was an animating one. The P. G. band enlivened the occasion with music. Garlands and wreaths of flowers-Hawaii's token of aloha -were in profusion, the odor from which pervaded the atmosphere. The wealth and beauty of the city were there, tendering their parting good-byes to friends and relatives. Precisely at noon hour the good ship swung out from her berth, handkerchiefs innumerable fluttered in the air, both from the ship and the wharf, and the band wound up the adieus with "The girl I left behind me," "Huki ka Ulua," and the anthems. Au Revoir.

Received Two Gold-headed Canes.

Mr. E. Waltner, cutter in Mr. Roth's tailoring establishment, carried away with him to the Coast today two elegant tokens of esteem, from his employer and his fellowworkmen respectively. As the givers were not aware of each other's action, it happens that each gift is a gold-headed cane. That from Mr. Roth has a turn handle, the gold of which is chased and has insets of polished gold-bearing quartz. The suitably inscribed.

## Band Concert.

# A Boston Dressmaker WHY LUCOL

IS THE BEST

## PAINT OIL

Dries perfectly solid inside of twenty Forms a durable and elastic, not a brit-

Retains its gloss longer than any other Resists the action of acids and alkalies better than any other oil.

Flows freely from the brush without run-ning and spreads well. With the addition of Litharge, yields a hard surface, suitable for floors, steps, etc.

Mixes readily with pigments ground in oil in paste form. Brings out the real shades of the colors and keeps them unaltered.

Is a solvent for the most delicate of the new coal tar colors. Added to varnish greatly improves the working of the varnish. Does not darken white lead or any deli-

Has greater body than any other oil. Requires one-third less pigment than any other oil. Can be added to linseed oll and it will greatly improve the linseed.

Can be thinned with turpentine. By actual tests, has outlasted the best linseed oil. Therefore, is the best paint oil ever manufactured.

## Direction for Use

Use Lucol in every respect in the same manaer as you would linseed oil, with the single exception that you may add fully one-quarter more Lucor to the same quantity of pigment than you would of linseed.

In using metallic, Venetian red, the ochres, and other dry pigments, it is advisable to mix up the paint at least one day before it is to be used, then add a third more Lucon and the paint will be found to cover well and have a good gloss.

NEVER USE JAPANS.

Where hard surfaces such as floors, steps, etc., are required use litharge only, never use Japans.

LUCOL MIXES WITH VAR-NISHES

and assists their working and improves their appearance BUT THEY SHOULD BE USED SAME DAY THEY ARE MIXED, otherwise the gum of the varnish may be precipitated or the mix ture curdled.

The addition of from 1 to 1 of Lu cor to varnishes does not reduce their lu-tre nor retard their hardening and drying and it prevents their cracking.
